THE INTERNATIONAL, MULTI-CULTURAL, AWARD-WINNING **GROHE DESIGN STUDIO.**

Quality, Technology, Sustainability and Award-Winning Design.

With our international award-winning team of in-house designers, we aim to create water enjoyment experiences. Water is one of the most precious resources our planet has to offer. We are incredibly fortunate that nature has given us so many examples from which to draw inspiration, from waterfalls to rain. We use this inspiration along with a careful understanding of our consumers to create our award-winning designs.

We believe great design goes beyond form and function. We aim to create strong emotional connections in the hearts of our customers, through design and experience. We are always conscious of who we are designing for and the total experience we intend to create. We revel in our ability to inspire and excite the world, challenge and break paradigms, influence and form the future.

GROHE GRANDERA TOMORROW'S GRAND STYLE

The GROHE Grandera collection is both a homage to an age of grandeur long past and an affirmation of modern sensibility, combining the highest standards of quality and craftsmanship with a love of detail and comfort. Stylistically, the Grandera collection can be combined with a wide range of bathroom furnishings, with the added flexibility of two colours – chrome and chrome/gold. Thanks to GROHE StarLight technology, not only will the fittings retain their shine in the long term but they are also extremely resistant to dirt and scratches.

GROHE ATRIO MODERN AND MINIMALIST

Dynamic, youthful and vibrant, Atrio One brings an air of modernity to the bathroom. Pure cylinders are extruded in various depths and diameters to create two collections – Atrio C spout and Atrio 7°. Both ranges utilise slender lever handles and reduced proportions to convey a modern aesthetic that ensures coordination with a variety of interior styles. Modern and minimalist but human too – perfect for the relaxing environment of your spa bathroom. But not only does GROHE Atrio shape the look of your bathroom; it also shapes the way you interact with water. Whether it's the graceful high arch of an Atrio C spout, or Atrio 7° – where the spout is pitched at an angle of seven degrees – both designs increase the comfort zone at the basin and create more space for you to enjoy water.

Every colour has a different wavelength and therefore its own energy, which has a varying effect on the mind and body. Red represents vitality and activity, while blue is considered to be a calming colour. One of our primary objectives when developing GROHE F-digital Deluxe was to give you the opportunity to change the lighting to suit your mood, and allow you to enjoy your own personal chromotherapy experience while in the shower.

Using the GROHE SPA app, you simply select the colour of your choice for your shower from a specially designed colour wheel. For example, you might wish to start your day with stimulating yellow, enjoy soft purple after a steam bath or get an exciting evening off to a great start with optimistic orange. With GROHE F-digital Deluxe you can integrate up to four high-quality LED light modules* into your shower, all of which are dimmable.

You can therefore choose a light intensity that reflects your mood. And, of course, you can save all of your settings so that the perfect colour for tomorrow morning's shower is just a movement of the hand away.
