CW2028 30 litre rectangular step can with liner pocket stainless steel

neat and secure: Liner rim flips up for a quick and easy liner change, then closes over the liner to hold it tightly in place and keep it hidden from sight.
nano-silver clear coat protects stainless steel from fingerprints and germs.
small can, big capacity: by eliminating the inner bucket, we managed to get the same amount of capacity into a smaller, more space-efficient can.
silent close lid: our patented lid shox technology controls the motion of the lid for a slow, silent close.
strong steel pedal: our strong steel pedal is engineered to last over 150,000 steps - that's more than 20 steps a day for 20 years.

KT1154 steel frame dishrack fingerprint-proof stainless steel

Our steel frame dishrack has a solid stainless steel frame that matches the aesthetic of modern upscale kitchen appliances. It has a swivel spout that pivots so you can drain water directly into the sink, and an anti-residue hydrophilic coating that prevents residue buildup and water spots. The wine glass holder hangs up to 4 wine glasses — even those extra-large Bordeaux glasses. A fingerprint-proof coating helps protect against smudges. And a large utensil holder with separate compartments keeps utensils neat and organized.

838810016252
5 year warranty

KT1167 compact steel frame dishrack with wine glass holder fingerprint - proof stainless steel - white

Our compact steel frame dishrack has a solid steel frame that matches the aesthetic of modern upscale kitchen appliances. It is small enough to make the most of limited countertop space, but still has the capacity to handle full-size plates. It has an integrated drip tray with a swivel spout that pivots in all directions so you can drain water directly into the sink from any position. A fingerprint-proof coating helps protect against smudges. The wine glass holder hangs up to 3 large wine glasses upside-down by the stem.

ST1018 237ml compact sensor pump white

ST1019 237ml compact sensor pump black

Our touch-free compact sensor pump is the most efficient and easy way to wash your hands – no germs or smudges left behind. Perfect for small sinks or countertops, its high-efficiency pump mechanism with speed dispense provides fast and accurate dispensing in just 0.2 seconds. The silicone valve prevents messy drips and clogs. A wide opening makes refills fast and easy. Try our simplehuman soap in convenient 1 litre, refill pouches – it is the optimum consistency for our sensor pumps.
