

WallGard Graffiti Remover Gel

Gel Detergent For Cleaning Graffiti- Damaged Surfaces

WHERE TO USE

Cleaning of all surfaces not previously treated with graffiti-resistant protection against conventional spray-paints.

Some application examples

Removal of graffiti from:

- all types of natural stone facings;
- brick or concrete block facings;
- concrete facings;
- unpainted renders;
- unpainted metal surfaces;
- areas where high-pressure cleaning is not practical.

TECHNICAL CHARACTERISTICS

WallGard Graffiti Remover Gel is a gel detergent based on a formula developed in MAPEI's own laboratories.

WallGard Graffiti Remover Gel removes all types of graffiti without damaging the underlying surface simply by spraying with a high pressure cleaner.

Its gelatinous consistency enables WallGard

Graffiti Remover Gel to remain on the surface of the graffiti without transporting the stain beneath the surface.

WallGard Graffiti Remover Gel works in 5 to 10 minutes, after which time it can be removed with water.

RECOMMENDATIONS

- Do not dilute WallGard Graffiti Remover Gel with solvents or water.
- Do not use WallGard Graffiti Remover Gel to remove residues and adhesives from the substrate.
- Do not use WallGard Graffiti Remover Gel to remove dirt deposited by smog.
- Do not use WallGard Graffiti Remover Gel on painted surfaces.

HOW TO USE

Preparing the substrate

No preparation is required.

Preparing the product

WallGard Graffiti Remover Gel is ready to use and should not be diluted with water or solvents.

WallGard Graffiti Remover Gel

Applying WallGard Graffiti Remover Gel with a brush

Cleaning with an abrasive pad

Cleaning with running water

Rinsing graffiti away after scrubbing surface with WallGard Graffiti Remover Gel and brush

Applying the product

Apply **WallGard Graffiti Remover Gel** with a brush onto the graffiti or drawing.

Let stand 5 to 10 minutes and then remove the gel with a high-pressure cleaner.

In areas where using a high-pressure cleaner is not practical, **WallGard Graffiti Remover Gel** can be removed with tap water and a stiff-bristled brush.

Repeat the operation if the results are unsatisfactory. Rinse the treated surface thoroughly with water.

Cleaning

Brushes used to apply **WallGard Graffiti Remover Gel** can be cleaned with water.

COVERAGE

100 to 200 g/m² per coat, depending on the texture of the surface.

PACKAGING

5-kg buckets.

STORAGE

12 months in a cool, dry place in original sealed packaging.

SAFETY INSTRUCTIONS FOR PREPARATION AND APPLICATION

WallGard Graffiti Remover Gel is irritant.

The use of protective gloves and goggles is recommended.

In cases of contact with eyes or skin wash with plenty of water and, if necessary, seek medical attention.

For further and complete information about the safe use of our product please refer to our latest version of the Material Safety Data Sheet.
